

LOCATION: Barcelona Science Park. Baldiri i Reixach 4-8. Auditorium

08:15 - 08:45	REGISTRATION
08:45 - 09:00	OPENING CEREMONY Joan Elias Garcia , Rector of University of Barcelona (TBC) Martí Parellada Sabata , FIEB President and FUNSEAM Board of Trustees Member Maria Teresa Costa-Campi , University of Barcelona and IEB-Chair of Energy Sustainability
09:00 - 10:00	PLENARY SESSION Christoph Böhringer (University of Oldenburg)
10:00 - 11:30	I. SMART TECHNOLOGIES TRANSFORMING THE ENERGY MARKET Chair: Nestor Duch (Joint Research Centre) "Demand response in theory and practice: the significance of actors and customer experiences in smart technology rollout", Sarah Darby (University of Oxford) "On climate change and the energy consumption: What can we learn from Big Data?", Maria L. Loureiro (University of Santiago de Compostela) "Assessment of regulatory and market factors on the investment level of smart grids", Patricia Pereira da Silva (University of Coimbra)
11:30 - 12:00	COFFEE BREAK
12:00 - 13:30	II. FLEXIBILITY FROM DEMAND SIDE Chair: Monica Giuliatti (Loughborough University) "Smart meters and consumer behavior: insights from empirical literature", Joan Batalla-Bejerano (University of Barcelona) "Real-time pricing in power markets: Who gains?", Anette Boom (Copenhagen Business School) "Diffusion of green innovations: Evidence from a field study on domestic energy storage", Sandra Kretschmer (Friedrich Alexander Universität)
13:30 - 14.45	WORKING LUNCH
14.45 - 16.45	III. ANALYZING ENERGY POLICIES Chair: Andreas Löschel (University of Münster) "Analyzing electricity flows and congestion: looking at locational patterns", Daniel Daví-Arderius (University of Barcelona) "Photovoltaic power installation in Wallonia: Estimating the rebound effect", Alex Gautier (University of Liege) "Daily interactions in electricity supply, demand, emissions, and diversification in France, revealing the crucial role of DSM policies", António C. Marques (University of Beira Interior) "A tool proposal to detect operating anomalies in the Spanish wholesale electricity market", Rocio Román-Collado (University of Seville)
16.45 - 17.45	CLOSING SESSION Juan Rosellón (CIDE & DIW Berlin)
17.45 - 18.00	CLOSING CEREMONY
