

WORKSHOP ON THE ECONOMICS OF TAXATION

Barcelona, June 2-3, 2021

This year's Workshop on The Economics of Taxation will take place in Barcelona on June 2-3, 2021. We welcome submissions of any topic in the field of taxation, we especially invite contributions dealing with taxation in developing countries, tax evasion, inequality, and tax enforcement; and paper dealing with the challenges for tax systems created by the pandemic.

A non-exhaustive list of topics of interest might be the following:

- Taxation in developing countries
- Tax avoidance, evasion, and implications for enforcement
- Taxation and income and wealth inequality
- Impact of COVID-19 on tax design

We invite researchers working on these or on closely related topics to submit their manuscripts. We welcome the submission of theoretical and empirical papers. Two invited plenary sessions will complement the contributed sessions.

Keynote speakers:

Nadine Riedel

University of Münster

Niels Johannesen

University of Copenhagen

Deadlines:

Submission of papers: **April 21, 2021**

Acceptance of papers: **May 3, 2021**

Registration and further information:

Manuscripts must be submitted by email (ieb.workshop@ub.edu) in PDF format indicating in the subject the name of the workshop ('**Economics of Taxation**').

The workshop will be ONLINE. However, if the Covid-19 situation allows, we will switch to a mixed in-person/online workshop. We will inform the authors of accepted papers about the final format, in order to give enough time to plan the trip to Barcelona for those interested in attending in person. All those not able to attend in person can present online.

During the same week the IEB will be organizing two additional workshops: Political Economy (May 31- June 1), and Public Policies (June 1-2).

Further information on the workshop will be available at the webpage of the workshop, which can be accessed through the IEB website: www.ieb.ub.edu.
