

CALL FOR PAPERS
4th MEETING ON TRANSPORT ECONOMICS AND INFRASTRUCTURE
Barcelona, January 28, 2022

Organised by
Institut d'Economia de Barcelona (IEB) and Grup de Recerca en Governos i Mercats (GiM, UB)

The aim of this meeting is to discuss recent research in the area of transport and infrastructure economics. The meeting will focus on issues related to pricing, investment and competition, but research papers in other areas of transport economics and infrastructure analysis, both from empirical and theoretical perspectives, are also welcome. In particular, papers that deal with the consequences of COVID19-pandemic will be welcome. Between 10 and 12 papers will be accepted for presentation and discussion at the meeting, which will take place during a single day at the Faculty of Economics of University of Barcelona (Av Diagonal 690, Barcelona).

Keynote speaker: Jos van Ommeren (Vrije Universiteit Amsterdam)

Main topics of interest:

- Infrastructure investment and finance
- Pricing issues in transport
- Air transport and airport management
- Freight economics and logistics
- The economics of parking
- Maritime transport and port economics
- Public transport: performance, efficiency and regulation
- Governance, ownership and competition issues in transport
- Energy and environmental issues in transport
- Railway economics: infrastructure access and competition
- Autonomous and connected vehicles
- Impacts of COVID19 on transport

Submissions

Papers should be sent to ieb.workshop@ub.edu by **November 28, 2021**. Only papers presented in PDF format and no longer than 30 pages will be considered. Papers will be evaluated by the scientific committee. The acceptance decision will be notified to authors by December 17, 2021.

Fee covers coffee breaks & lunch.

Further information about the workshop will be available through the IEB website: www.ieb.ub.edu.

If due to health circumstances it is not possible to celebrate the Meeting in Barcelona, it will be organized online. All fees would then be refunded.
