

CALL FOR PAPERS

5th MEETING ON TRANSPORT ECONOMICS AND INFRASTRUCTURE

Barcelona, January 25 & 26, 2024

Organised by
Institut d'Economia de Barcelona (IEB) and Grup de Recerca en Governos i Mercats (GiM, UB)

The aim of this meeting is to discuss recent research in the area of transport and infrastructure economics. The meeting will focus on issues related to pricing, investment and competition, but research papers in other areas of transport economics and infrastructure analysis, both from empirical and theoretical perspectives, are also welcome. Around 15 papers will be accepted for presentation and discussion at the meeting, which will take place on Thursday afternoon and Friday all day at the Faculty of Economics of University of Barcelona (Av Diagonal 690, Barcelona).

Keynote speaker: Erik Verhoef (Vrije Universiteit Amsterdam)

Main topics of interest:

- Infrastructure investment and finance
- Pricing issues in urban transport
- Air transport and airport management
- Freight economics and urban logistics
- The economics of parking
- Maritime transport and port economics
- Public transport: performance, efficiency and regulation
- Governance, ownership and competition issues in transport
- Energy and environmental issues in transport
- Railway economics: infrastructure access and competition
- Autonomous and connected vehicles
- Shared mobility and MaaS adoption

Submissions:

Papers should be sent to ieb.workshop@ub.edu by November 12, 2023. Only papers presented in PDF format and no longer than 30 pages will be considered. Papers will be evaluated by the scientific committee. The acceptance decision will be notified to authors by November 30, 2023.

Fee covers coffee breaks & lunch. Presenters of accepted papers will be invited for dinner on Thursday, January 25 2024. Further information about the workshop will be available at the workshop webpage, accessible through the IEB website: <https://ieb.ub.edu/en/event/5th-meeting-on-transport-economics-and-infrastructure/>.
